2. As pointed out by the Chairman, the allowance of Rs 100 granted to the Executive Engineer, Improvement Trust Board, was a combined one including the duty and conveyance allowances. The works being scattered over a large area of the City, the maintenance of a conveyance by the Executive Engineer is very necessary. And as he is not entitled to any travelling allowance for these trips, a conveyance has to be sanctioned-

6 In my opinion, therefore the combined allowance of Rs 100 granted to him may be continued.

Chairman, City Improvement Trust Board,
MYSORE.

To

T.R. Jayarama Iyer, Esquire., B.A., B.L.,
Secretary, to the Government of His Highness
the Maharaja of Mysore, Revenue Department.

———

Sir

In forwarding herewith copy of letter dated 7th December 1922 from Mr. M.A. Srinivasachari, Executive Engineer, City Improvement Trust Board, regarding the local allowance he was hitherto getting, I have the honour to endorse fully all the facts stated by him and to state that apart from detail surveys and estimates which he has to get up in connection with the thorough overhauling, revision and preparation of all the Schemes relating to Drainage and other works in the City, to suit the altered conditions and our present requirements, he has also to work out several projects in connection with the debenture loan which the Board are engaged in raising. Mr. Srinivasachari being the only responsible Engineer Officer of the Board, has to supervise every one of these works and has therefore necessarily to travel daily over 15 miles or more. The works he has to supervise are scattered all over the City of Mysore which has been expanding on all sides and has considerably extended even within the last 2 years. For

the efficient discharge of such trying, onerous and responsible duties it is absolutely necessary to maintain more than an ordinary decent conveyance.

2. A local allowance of Rs. 100 per month was therefore whalleted to the Trust Board Executive Engineer, which served him both as a duty allowance and a conveyance allowance. Under the recent Government Order No. Fl. 2006-57 S & A 7-22-9 dated 3rd November 1922, this allowance of the Executive Engineer of the Mysore City Improvement Trust Board has been reduced to Rs. 50, of which however the Board had no knowledge nor were they consulted in the matter. Now that this allowance is reduced, it is absolutely impossible to keep any decent conveyance for doing justice to the ever increasing work.

3. It may not be out of place to submit here that the Executive Engineer, Special Division, Mysore, is being given a conveyance allowance of Rs. 60 per month and that the duties of the Executive Engineer, City Improvement Trust Board are in no way less extensive nor less onerous and responsible than those of the Executive Engineer, Special Division. Officers of the State whose services are lent to other Departments are invariably given deputation allowance or receive higher emoluments on account of the nature of the work and higher responsibilities involved so long as they continue to work therein, and I accordingly recommend that Mr. Srinivasacheri may be allowed a conveyance allowance of Rs. 60 month as is granted to the Executive Engineer of the Special Division Mysore, in addition to the duty allowance of Rs. 50, if the original Rs. 100 cannot be left unaltered.

(14

4. I have therefore to request that you may be so good as to obtain the approval of the Government for granting him a conveyance allowance of Rs. 60 per month (in addition to the duty allowance of Rs. 50 per month) or at least for continuing the same consolidated allowance of Rs. 100 with effect from 3rd November 1922 the date of the Government Order noted above, for which due provision already exists in the current year's Budget of the Trust Board and no extra allotment of any kind is required.

I have the honour to be,

Sir,

Your most obedient servant,

Chairman.

(15

To

The Chairman,

City Improvement Trust Board,

Mysore.

Sir,

I have the honour to state that I was hitherto drawing a local allowance of Rs. 100 per month in addition to my grade pay in the P.W.D, but under the recent orders of Government (No.Fl.2008-57 S & A 7-22-9 dated the 3rd November 1922) the duty allowance of the Executive Engineer of the Mysore City Improvement Trust Board has been reduced to Rs. 50. I have thus sufferred a loss in my emoluments.

2. The works which I have to supervise are scattered all over the City of Mysore and not concentrated at any particular spot. From far beyond the Toll gate at the Erangere entrance in the north including the Narasimharaja Mohalla and to further than the Sandal Oil Factory in the South and from the Vani Vilasa Mohalla in the west, to near Alanhalli in the east works are going on. The distance to be travelled almost daily is over 15 miles or more.

3. Now that my duty allowance has been reduced to Rs. 50, it is ~~but fair~~ and equitable to give me a conveyance allowance of Rs. 60 per month, in consideration of the necessity for maintaining a rapid means of conveyance. I may add here that the Executive Engineer of the Special Division in the City is being allowed a conveyance allowance of Rs.60 and that the work of the Executive Engineer of the Trust Board is by no means less extensive ~~as~~ than that of the Executive Engineer.of the Special Division.
